Henry O. Havemeyer Acquitted on Instruction of Judge Bradley.

CONGRESSIONAL PROCEEDINGS.

Bill to Specially Tax Certain Occupations Introduced in the House—Ex-Senator Call Wants on the Daves Commission.
L. V. Buskirk Confirmed—Other Washington News.

WASHINGTON, May 28.—"Certainly I am satisfied with the verdict," said Henry O. Havemeyer to a reporter a few minutes after the jury had returned a verdict of not guilty yesterday afternoon. "The verdict," he continued, "ought to be satisfactory to every decent man in this and every other community." The verdict was the culmination of a long legal battle which began three years ago when Mr. Havemeyer declined as a witness to furnish the senate sugar investigating committee with data as to the political contributions made by the company of which he is president to the local and state campaigns of 1892 and 1893.

The conclusion of the trial was abrupt. The defense produced no witnesses. When the government rested its case the defense moved that the court instruct the jury to order an acquittal on six grounds, the principal one being that the committee did not have jurisdiction and that the questions asked were not pertinent.

After hearing arguments from both sides the court granted the motion as to pertinency, but refused to rule on the question of the senate's jurisdiction.

Although the verdict of "not guilty" was given by the jury, it was a verdict returned under the court's directions and amounted practically to the judge's throwing the case out of court. Mr. Havemeyer's attorneys were naturally much elated over their victory. "This ends the case forever," said Mr. Johnson of Philadelphia, Mr. Havemeyer's chief counsel. The case of John E. Searies, secretary of the trust, will be called today.

FIFTY-FIFTH CONGRESS.

Senate Agrees to the Sundry Civil Bill.

WASHINGTON, May 28.—The senate made good progress on the tariff bill yesterday, disposing of about 10 pages. Several votes were taken, the finance committee being sustained in each case by majorities varying from 6 to 15. The drug schedule was under discussion and the debate was largely technical. Occasionally, however, it branched to general phases of the tariff, but at no time during the day was there a speech of more than 5 minutes duration.

Before taking up the tariff bill the final conference report on the sundry civil bill was agreed to, including the provisions suspending until March 1, next, the executive order creating extensive forest reserves.

House Proceedings.

There was an attempt to bring forward the Cuban question in the house yesterday. As soon as the journal had been read Mr. Lewis (Dem., Wash.) shouted: "A question of privilege," and sent to the clerk's desk a resolution for the recognition of the belligerency of the Cubans. Mr. Dingley made a point of order that it was not a privileged question but the speaker allowed the resolution to be read and then promptly ruled it out. An appeal was taken but the speaker was sustained by a vote of 91 to 57, and the house adjourned until Monday.

To Tax Certain Occupations.

WASHINGTON, May 28.—Representative Wheeler (Ky.) has introduced a bill in the house for taxing certain occupations. The taxes proposed are based on the amounts of capital invested. Companies engaged in petroleum business in any form are to be taxed from \$500 to \$100,000 to \$25,000 on \$5,000,000. Other branches of business to be taxed are iron and steel, railways and street railways, banks, stock exchanges, and glass, wool, silk, paper, leather and sugar manufacturing.

Wants on the Daves Commission.

WASHINGTON, May 28.—Ex-Senator Gall of Florida has made a formal application for appointment as a member of the Daves Indian commission and has the endorsement of a number of his former colleagues in the senate. Representative Evans called at the white house with his candidate for the person of Charles D. Gates and they had an interview with the president.

Special Ambassador.

WASHINGTON, May 28.—Hon. White-law Reid paid a hurried visit to the capitol yesterday. During the day he called at the white house and had lunch with the president.

Illinois Republican League.

SPRINGFIELD, Ills., May 28.—A call has been issued by President Ira C. Coppley of Aurora and Secretary William Barrett Ridgely of this city of the Republican League of Illinois, convening a meeting of the executive committee of the league in this city next Wednesday afternoon, for the purpose of selecting delegates to represent Illinois at the national convention of league clubs, to be held at Detroit next July.

To Recover \$600,000.

JEFFERSON, O., May 28.—The law suit in which Mary and Albert Fields are seeking to recover \$600,000 from the Lake Shore and Michigan Southern Railroad company and William K. Vanderbilt, for 40 acres of land, claimed to be unlawfully occupied by the defendants at Ashtabula harbor, has been placed on trial to a jury in common pleas court.

the president. Mr. Reid's visit was for the purpose of talking over with Mr. McKinley the proffer made to him of accepting the honor of special ambassador of the United States at the queen's jubilee. He accepted the mission and will represent the United States on that occasion.

Indiana Postmasters.

WASHINGTON, May 28.—Indiana postmasters were appointed yesterday as follows: Dana, Peter Aikman; Dunlaps, D. F. Myers; Hoover, J. F. Robinson; Indian Spring, Daniel Donihue; Kinzie, J. E. Shadley; Linden, O. D. Thomas; Paris, Harmon Dixon; Simpson, Thomas Helvie; Thales, B. F. Waldrup.

Confirmations.

WASHINGTON, May 28.—The senate yesterday confirmed the following nominations: Edwin H. Conger of Iowa, to be minister to Brazil; Charles Burdett Hart of West Virginia, to be minister to Colombia; L. V. Buskirk, to be postmaster at Bloomington, Ind.

WASHINGTON, May 28.—The Rev. Thaddeus Freeman of Marion, Ind., was yesterday appointed chaplain in the army. His nomination was predicted several days ago in these dispatches.

RUSSELL SAGE'S NEPHEW.

He Dies of Consumption in a Poorhouse Worried Over His Parents.
JOLIET, Ills., May 28.—At the poorhouse in this county, George Sage, aged 21 years, son of Eltuz Sage of Shannahon township, is dead of consumption, hastened by worrying over the affairs of his parents. His father after paying his uncle, Russell Sage, the \$50 on the mortgaged house, could not afford to give George any of the delicacies needed. George also worried gravely over the attempt of his mother to commit suicide a couple of weeks ago.

OHIO MINERS.

Deplorable Scarcity of Work—Their Condition Never Worse.

BRIDGEPORT, O., May 28.—Secretary-Treasurer Lewis of the Ohio United Mineworkers has received official reports from nearly every coalmining district in the state. The summary of all the reports show that conditions generally were never worse.

In the Jackson district 3,500 men have worked two days in May. In the Hocking Valley district the pickdiggers are doing no better, but the machine miners are a little better employed. In Belmont county the railroad miners are working only a day a week, and in Jefferson and Tuscarawas counties the work is nearly as scarce. There is talk of calling a miner's convention of the United States in order to lay their condition before the public.

BANK WAS NAPPING.

Northern Will Not Be Allowed to Reduce Its Stock.

FRANKFORT, Ky., May 29.—Secretary of State Finley has decided that the Northern bank will not be allowed to reduce its capital stock, because it failed to comply with Section 190 of the state constitution, which reads as follows: "No corporation in existence at the time of the adoption of this constitution shall have the benefit of future legislation without first filing in the office of the secretary of state an acceptance of the provisions of the constitution." The Northern bank and nearly all the big banks in the state failed to file the required acceptance.

EARTHQUAKE.

Montreal Citizens Get a Shaking Up by Mother Earth.

MONTREAL, May 28.—There was an earthquake shock here last night which lasted 65 seconds. The Queen's and Francaise theaters were crowded and the audiences were considerably frightened and several ladies fainted. At the Academy of Music there was half a panic and two ladies had to be removed. The glasses in hotels and buildings were rattled and people flocked into the streets to see where the explosion was. Telegraphic reports indicate the shock was felt all down the Ottawa valley.

When a woman finally breaks down completely—gives up her husband wakes up to a realization of his duties.

Women are proverbially careless of their health. They don't like to pay out money for medicine. The majority of women have some disease or disorder of the organs distinctly feminine. Eventually it will drive them to death or insanity unless it is cured. There's a cure for such things. It is Dr. Pierce's Favorite Prescription. Don't despair because doctors have failed. Don't think that a modest woman must be forced to undergo abortive local treatment. She can be cured right in the perfect privacy of her own home by that greatest of all great medicines.—Dr. Pierce's Favorite Prescription.

Rev. I. J. Coppedge, of Elmo, Kaufman Co., Texas, writes:

"About six years ago my wife became afflicted with displacement, causing inflammation and much pain. She could not stand on her feet or get in any position but what she suffered great pain. She was naturally a strong woman. I had several different physicians to treat her with no permanent relief. She despaired of ever again being well. She saw an advertisement of your 'Favorite Prescription' and spoke to me about it. I got her a bottle of the medicine which at first seemed to make her worse, but she found it was helping her; so she kept on until she had taken six bottles. Since taking the last she has not suffered a moment with the old trouble. She has been well nearly twelve months."

WINONA SUCCESSFUL

Presbyterian General Assembly Will Meet There Next Year.

WESTMINSTER CONFESSION.

Its Two Hundred and Fiftieth Anniversary Will be Celebrated at the Next Meeting—Report on the Condition of the Board of Church Erection—Interest Unabated in the Proceedings.

EAGLE LAKE, Ind., May 28.—The main question of importance before the Presbyterian general assembly yesterday was that of the next place of meeting. It was decided upon grounds which were quite new to the general assembly. These reasons are given below in the words of the advocates of Winona. The number of attendants at the assembly has been augmented in spite of departures, by new arrivals and interest in the proceedings has not seemed to lag in spite of the fact that the bulk of the topics considered are those which are mainly of strictly denominational interest.

Westminster Confession Anniversary.

Governor Mount made the report of committee on the celebration of the 250th anniversary of the adoption of the Westminster confession. The committee recommended that the anniversary be observed by the general assembly of 1898 on the second Thursday of the session; that a committee of nine, of which the moderator shall be chairman, make the necessary preparations; that the assembly recommend to the presbyteries and churches that the anniversary be celebrated appropriately at the most convenient time during the year. The report was adopted.

Dr. Duncan Brown then read the report of the committee on the board of aid for schools and colleges. The report shows the total receipts for the year 1896-97 were \$77,986, and the expenditures \$71,126, the balance on hand in April being \$24,624.

At the opening of the afternoon session Dr. Wilson Pinner was appointed the assembly's delegate to the general synod of the Reformed Dutch church, which is to meet in June, and fraternal greetings were read from the assembly of the Cumberland Presbyterian church, now in session at Englewood, Ills.

Board of Church Erection.

The report of the committee on the board of church erection says the aggregate receipts were \$123,777 and the disbursements \$137,577. During the year there were quartered as completed by the aid of the board and without debt 174 churches and manse of an aggregate value of \$444,735.

The board has capital in funds as follows: Permanent fund invested for revenue, \$151,000; trust fund, held subject to life interest of donors, including real estate valued at \$22,500, \$46,500; loan fund, interest bearing loans to churches, \$245,000; manse fund, small noninterest bearing loans on manse, \$86,000. Reversionary interest in church properties under grant mortgages or similar loans, estimate, \$2,000,000. Total, \$2,528,500. The insurance aggregates about \$1,750,000.

Place of Meeting.

The decision as to the place of the next meeting of the assembly occupied the remainder of the afternoon session. Invitations were received from the Westminster church of Minneapolis, from the Presbytery of Philadelphia to meet in the new Witherspoon building of the board of publication and from the directors of the first Winona assembly. The advocates of Winona were Elder Thomas Kane of Chicago; Dr. John L. Withrow, ex-moderator of the assembly; Dr. William C. Gray, editor of The Interior of Chicago, and others. When Mr. Kane said that to refuse to return to Winona would be to express disapproval of the place he was greeted with cries of "No, no." He then added, "We

Papers Discovered Which Show His Devotion to His Parents.

CHICAGO, May 28.—Parsons & Taft, who handle farm mortgages, are in possession of a collection of papers that includes a deed to Abraham Lincoln from his father and mother, and another deed or bond for a deed from Abraham Lincoln to John D. Johnson. The land transferred was the homestead of Thomas Lincoln, a tract of 40 acres in Coles county, Ills.

LINCOLN'S DEED AND BOND.

The transactions took place in 1841. In that year Lincoln's father, Thomas, then an old man, was in poor circumstances. The son came to his father's assistance and bought the old farm. He paid down \$300 in cash and gave his parents the use of the place. Abraham Lincoln, in the same year the property was conveyed to him, made a contract to sell the farm to John D. Johnson for \$200 when the life estate of both Thomas and Sarah Lincoln should be extinguished.

Johnson did not long retain his equity in the property. Thomas Lincoln died shortly after. Mrs. Lincoln did not want to leave the farm and Johnson was not in a situation to take care of her, so he transferred his bond to John J. Hall, a relative of the Lincolns, who moved with his wife to the Lincoln homestead and took care of the old lady until her death. For some reason Hall seems never to have called on Abraham Lincoln to execute the deed and cancel the bond.

BIG STRIKE ORDERED.

PITTSBURG, May 28.—The national executive board of the United Mine Workers of America have decided to order a general strike throughout Pennsylvania, Ohio and West Virginia, to secure the 60-cent rate for mining. The order is expected to be in the hands of the workmen within a few days.

Will Attempt to Rescue Johnson.

LEXINGTON, Ky., May 28.—Company E, Kentucky state guards, acting under orders from Governor Bradley, have gone to Owensville. Sheriff Lane of Bath county has information that a strong mob of tollgate raiders will attempt to take Johnson from the hands of the court during his trial today for tollgate raiding.

Kept Their Marriage Secret.

NEWTON, Ills., May 28.—Newton society was given a surprise when it was announced that Fred Barker and Miss Charlene Litzelmann, daughter of Mayor Litzelmann, were quietly married at Jeffersonville, Ind., in June of last year. Mrs. Barker is at present visiting friends in Missouri, but will be home in a few days.

TAKING AN OUTING.

Secretary Gage at Cincinnati—No Disagreement in the Cabinet on Cuba.

CINCINNATI, May 28.—Secretary of the Treasury Lyman J. Gage and wife are in the city and will remain until tomorrow. Secretary Gage is here with members of the Commercial club of Chicago on an outing. When asked about the reported differences in the cabinet over the Cuban question Secretary Gage said: "That is all gaudium and there is absolutely nothing in it. Such a thing has not even been thought of and there is not the least possibility of a disagreement among the members of the cabinet on this subject."

Shot For a Burglar.

CINCINNATI, May 28.—George A. Ducey, who has been connected with the Associated Press here and at Denver and other place for many years, was killed last night in a most peculiar manner by Policeman Amos Booth. An alarm of burglars was given, calling Booth to the place. Ducey was enroute home at the time and refused to halt, when the officer shot him dead, mistaking him for one of the burglars, who made their escape.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. R. Sidley writes Oct. 26, 1895: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. An all day quilting party was held at the home of Mrs. A. C. Willey, today by the M. E. sewing society. It was the fortieth anniversary of her marriage and the eighteen ladies present surprised her with a handsome rocking chair. A sumptuous dinner was served and everyone had an enjoyable time.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CONGRESSIONAL PROCEEDINGS.

Bill to Specially Tax Certain Occupations Introduced in the House—Ex-Senator Call Wants on the Daves Commission. L. V. Buskirk Confirmed—Other Washington News.

WASHINGTON, May 28.—"Certainly I am satisfied with the verdict," said Henry O. Havemeyer to a reporter a few minutes after the jury had returned a verdict of not guilty yesterday afternoon. "The verdict," he continued, "ought to be satisfactory to every decent man in this and every other community." The verdict was the culmination of a long legal battle which began three years ago when Mr. Havemeyer declined as a witness to furnish the senate sugar investigating committee with data as to the political contributions made by the company of which he is president to the local and state campaigns of 1892 and 1893.

The conclusion of the trial was abrupt. The defense produced no witnesses. When the government rested its case the defense moved that the court instruct the jury to order an acquittal on six grounds, the principal one being that the committee did not have jurisdiction and that the questions asked was not pertinent.

After hearing arguments from both sides the court granted the motion as to pertinency, but refused to rule on the question of the senate's jurisdiction. Although the verdict of "not guilty" was given by the jury, it was a verdict returned under the court's directions and amounted practically to the judge's throwing the case out of court. Mr. Havemeyer's attorneys were naturally much elated over their victory. "This ends the case forever," said Mr. Johnson of Philadelphia, Mr. Havemeyer's chief counsel. The case of John E. Scaries, secretary of the trust, will be called today.

FIFTY-FIFTH CONGRESS.

Senate Agrees to the Sundry Civil Bill.

WASHINGTON, May 28.—The senate made good progress on the tariff bill yesterday, disposing of about 10 pages. Several votes were taken, the finance committee being sustained in each case by majorities varying from 6 to 15. The drug schedule was under discussion and the debate was largely technical. Occasionally, however, it branched to general phases of the tariff, but at no time during the day was there a speech of more than 5 minutes duration.

Before taking up the tariff bill the final conference report on the sundry civil bill was agreed to, including the provisions suspending until March 1, next, the executive order creating extensive forest reserves.

HOUSE PROCEEDINGS.

There was an attempt to bring toward the Cuban question in the house yesterday. As soon as the journal had been read Mr. Lewis (Dem., Wash.) shouted: "A question of privilege," and sent to the clerk's desk a resolution for the recognition of the belligerency of the Cubans. Mr. Dingley made a point of order that it was not a privileged question but the speaker allowed the resolution to be read and then promptly ruled it out. An appeal was taken but the speaker was sustained by a vote of 91 to 57, and the house adjourned until Monday.

TO TAX CERTAIN OCCUPATIONS.

WASHINGTON, May 28.—Representative Wheeler (Ky.) has introduced a bill in the house for taxing certain occupations. The taxes proposed are based on the amounts of capital invested. Companies engaged in petroleum business in any form are to be taxed from \$500 to \$100,000 to \$25,000 on \$5,000,000. Other branches of business to be taxed are iron and steel railways and street railways, banks, stock exchanges, and glass, wool, silk, paper, leather and sugar manufacturing.

WANTS ON THE DAVES COMMISSION.

WASHINGTON, May 28.—Ex-Senator Gall of Florida has made a formal application for appointment as a member of the Daves Indian commission and has the endorsement of a number of his former colleagues in the senate. WINONA SUCCESSFUL

Presbyterian General Assembly Will Meet There Next Year.

WESTMINSTER CONFESSION.

Its Two Hundred and Fiftieth Anniversary Will be Celebrated at the Next Meeting—Report on the Condition of the Board of Church Erection—Interest Unabated in the Proceedings.

EAGLE LAKE, Ind., May 28.—The main question of importance before the Presbyterian general assembly yesterday was that of the next place of meeting. It was decided upon grounds which were quite new to the general assembly. These reasons are given below in the words of the advocates of Winona. The number of attendants at the assembly has been augmented in spite of departures, by new arrivals and interest in the proceedings has not seemed to lag in spite of the fact that the bulk of the topics considered are those which are mainly of strictly denominational interest.

WESTMINSTER CONFESSION ANNIVERSARY.

Governor Mount made the report of committee on the celebration of the 250th anniversary of the adoption of the Westminster confession. The committee recommended that the anniversary be observed by the general assembly of 1898 on the second Thursday of the session; that a committee of nine, of which the moderator shall be chairman, make the necessary preparations; that the assembly recommend to the presbyteries and churches that the anniversary be celebrated appropriately at the most convenient time during the year. The report was adopted.

Dr. Duncan Brown then read the report of the committee on the board of aid for schools and colleges. The report shows the total receipts for the year 1896-97 were \$77,986, and the expenditures \$71,126, the balance on hand in April being \$24,624.

At the opening of the afternoon session Dr. Wilson Phinney was appointed the assembly's delegate to the general synod of the Reformed Dutch church, which is to meet in June, and fraternal greetings were read from the assembly of the Cumberland Presbyterian church, now in session at Englewood, Ills.

BOARD OF CHURCH ERECTION.

The report of the committee on the board of church erection says the aggregate receipts were \$123,777 and the disbursements \$137,577. During the year there were quarters as completed by the aid of the board and without debt 174 churches and mansees of an aggregate value of \$444,735.

THE BOARD HAS CAPITAL IN FUNDS AS FOLLOWS:

Permanent fund invested for revenue, \$151,000; trust fund, held subject to life interest of donors, including real estate valued at \$23,500; \$46,500 loan fund, interest bearing loans to churches, \$245,000; manse fund, small noninterest bearing loans on mansees, \$86,000. Reversionary interest in church properties under grant mortgages or similar leases, estimate, \$2,000,000. Total, \$2,528,500. The insurance aggregates about \$1,750,000.

PLACE OF MEETING.

The decision as to the place of the next meeting of the assembly occupied the remainder of the afternoon session. Invitations were received from the Westminster church of Minneapolis, from the Presbytery of Philadelphia to meet in the new Witherspoon building of the board of publication and from the directors of the first Winona assembly. The advocates of Winona were Elder Thomas Kane of Chicago; Dr. John L. Withrow, ex-moderator of the assembly; Dr. William C. Gray, editor of The Interior of Chicago, and others. When Mr. Kane said that to refuse to return to Winona would be to express disapproval of the place he was greeted with cries of "No, no." He then added, "We

LINCOLN'S DEED AND BOND.

Papers Discovered Which Show His Devotion to His Parents.

CHICAGO, May 28.—Parsons & Taft, who handle farm mortgages, are in possession of a collection of papers that includes a deed to Abraham Lincoln from his father and mother, and another deed or bond for a deed from Abraham Lincoln to John D. Johnson. The land transferred was the homestead of Thomas Lincoln, a tract of 40 acres in Coles county, Ills.

PLACE OF MEETING.

The transactions took place in 1841. In that year Lincoln's father, Thomas, then an old man, was in poor circumstances. The son came to his father's assistance and bought the old farm. He paid down \$200 in cash and gave his parents the use of the place. Abraham Lincoln, in the same year the property was conveyed to him, made a contract to sell the farm to John D. Johnson for \$200 when the life estate of both Thomas and Sarah Lincoln should be extinguished.

Such a thing has not even been thought of and there is not the least possibility of a disagreement among the members of the cabinet on this subject."

CINCINNATI, May 28.—George A. Ducey, who has been connected with the Associated Press here and at Denver and other place for many years, was killed last night in a most peculiar manner by Policeman Amos Booth. Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MR. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 26, 1890: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.

THE BICYCLE RACES.

The Madison Wheelman Failed to Meet the Seymour Boys.

The bicycle races which had been arranged between the Madison and Seymour boys for the championship failed to materialize. The races were to have been held at North Vernon. Yesterday morning, Albert Kaufman and Frank Kercheske went over to North Vernon to represent Seymour. But for some reason the Madison boys did not put in an appearance. Some impromptu races were arranged with the North Vernon boys, but the Seymour fellows easily rode away from them. Kercheske won the half mile in 1:20 and the mile in 2:49 with Kaufman second in each. Kaufman won the five mile race in 15:55 with Kercheske second. The boys are anxious to meet the Madison riders and will give them a race at any time.

E. & R. Reorganized.

An Enquirer special from Indianapolis states that the reorganization of the Evansville and Richmond railway was effected yesterday by filing articles of incorporation with the state secretary. Capital stock \$1,500,000. Since the road was sold at sheriff's sale last March everything has been uncertain as to its future. The reorganization doubtless means that its future will be speedily settled. The general feeling along the line is that it should be rebuilt and put in operation again without delay.

Hat Shooting.

A visitor in Pass Christian, Miss., the other day heard some pistol shots and asked a negro boy what they meant. "Oh, was the reply, 'them fellows down was shootin' fo' hats.' 'Shooting for hats!' exclaimed the visitor, 'what on earth do you mean?' 'Sure, dere is nuffin strange 'bout dat. Deys doin it ebery day 'most. When de train is comin, day jes' fires dem shots when she gets good on de bridge, an de men day sticks dere heads out to see what's up, an de wind jes' takes dere hats off an drops 'em in de bay. Den dey rows around an picks 'em up. Sometimes dey gets a lot of 'em. Other day Josh Johnson got seben.' 'What does Josh Johnson do besides shoot for hats?' was asked. 'Oh, he fishes an does odd jobs an lives.'—New York Tribune.

Footed the Bills.

Francis W. Bird, the Sage of Walpole, once went to see Dr. S. G. Howe and found him with his feet swathed in flannels and extended on a chair. "Howe, what is the matter?" he asked. "I have got the gout," said Howe. "You have got the gout—such a temperance man as you." "Yes, Bird, my ancestors drank wine, and I have to foot the bills."—Boston Transcript.

WASTE OF GAS.

Oil Producers Will Burn It In the Future. It is said. MONTPELIER, Ind., May 28.—State Gas Inspector Leach has been investigating the loss of gas in the southern part of the oil field. It is said he has become convinced that the flow of gas cannot be stopped without stopping the flow of oil. He is alleged to have recommended that gas be run into an old boiler or a pile of bricks on the lease and burned, thus technically complying with the law. The producers will follow this plan, but there will be the same waste of gas practically.

NEWS IN BRIEF.

Unitarian denomination of the United States is holding anniversary meetings in Boston. Complete arrangements have been made for President McKinley's visit to the Nashville exposition June 10. Bids have been opened for the construction of an arch bridge at Niagara. It is expected to be the greatest engineering feat of the world. By advice of counsel Richard Serings of St. Louis will fight the charge of smuggling, brought against him by New York custom officials. Commissioner of Pensions Evans has recommended to the president the complete abolition of Cleveland's order consolidating pension agencies. A trust deed has been filed of \$150,000 at Omaha by the Omaha, Minneapolis and Buffalo Railroad company, conveying all its rights to a trust company. W. T. Bryant, the old soldier who recently made the affidavit charging Rev. J. G. Gibson with the murder of Blanche Lamont in San Francisco, says he never saw either of the parties. He says he was offered \$5,000 to make such an affidavit. According to the newspapers, an Ohio husband became the happy father of seven children not long ago. Of the seven all lived but one. It is to be hoped he laid in a supply of Chamberlain's Cough Remedy, the only sure cure for croup, whooping cough, colds and coughs, and so insured his children against these diseases. For sale at C. W. Milhous druggist. Wright's Celery Tea regulates the liver and kidneys, cures constipation and sick headache. 25c at all druggists.

DOMESTIC MARTYRS.

Lots of women suffer constantly, and seldom utter complaint. Good men rarely know the pain endured by the women of their own household, or the efforts they make to appear cheerful and happy when they ought to be in bed, their suffering is really so great.

Our habits of life and dress tell sadly upon women's delicate organizations.

They ought to be told just where the danger lies, for their whole future may depend upon that knowledge, and how to overcome it.

There is no need of our describing the experiences of such women here, they are too well known by those who have suffered, but we will impress upon every one that these are the never-failing symptoms of serious womb trouble, and unless relieved at once, a life will be forfeited.

Lydia E. Pinkham's Vegetable Compound never fails to relieve the distressing troubles above referred to; it has held the faith of the women of America for twenty years.

It gives tone to the womb, strengthens the muscles, banishes backache and relieves all pains incident to women's diseases.

UNITED BRETHREN.

General Conference in Session at Dublin—Representation.

DUBLIN, Ind., May 28.—The general conference of the United Brethren in Christ met in this city yesterday. It will be in session 10 days. Delegates are here representing 31 subordinate conferences throughout the United States and one in Canada. The church extends from Pennsylvania, Maryland and Virginia on the east to the Pacific coast on the west. This conference is the highest authority of the church. It elects all its bishops every four years, besides all other general officers, such as editors, publishers, missionary boards and Sunday school supervisors. The most important work before this session is the revision of the church discipline.

WASTE OF GAS.

Oil Producers Will Burn It In the Future. It is said.

MONTPELIER, Ind., May 28.—State Gas Inspector Leach has been investigating the loss of gas in the southern part of the oil field. It is said he has become convinced that the flow of gas cannot be stopped without stopping the flow of oil. He is alleged to have recommended that gas be run into an old boiler or a pile of bricks on the lease and burned, thus technically complying with the law. The producers will follow this plan, but there will be the same waste of gas practically.

Suicide of Judge Buford.

LEXINGTON, Ky., May 28.—Judge Harry Marshall Buford, aged 53, committed suicide nine miles from this city at the home of his friend, Mat Simpson, by drowning in a shallow pond. Ever since his mother died a year ago the judge has been melancholy. He told Simpson that he did not want to live; that his mother was waiting for him in the great beyond, and he wanted to go to her.

Refused to Give Him Up.

FRANKFORT, Ky., May 28.—Governor Bradley refused to honor a requisition made on him by Governor Mount of Indiana, for John Spalding, a white man, who is wanted in that state for the alleged murder of a young girl. Spalding was tried before Judge Flournoy and released, the evidence against him not being sufficient to hold him.

Rats Ate His Eyes.

ZANESVILLE, O., May 28.—The body of Frank Rox, a well known young man, was found in the loft of a stable, where he had suicided by taking laudanum. Rats had eaten his eyes and a portion of his face.

Is it "overwork" that has filled this country with nervous dyspepsias?—that takes the flesh off their bones, the vitality from their blood, and makes them feeble, emaciated and inefficient? No. It is bad cooking, overeating of indigestible stuff, and other health destroying habits.

The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach the Cordial gives it a change to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

Laxol is the best medicine for children. Doctors recommend it in place of castor oil.

WAS SHE POISONED?

Wife's Death Being Investigated by the Coroner at Decatur.

JOHNSON MAY GET 90 YEARS

Meeting of the Grand Lodge of Knights of Pythias—Charged With Manslaughter. United Brethren General Conference in Session—Lockjaw Among Horses—To Oust a Trustee.

DECATUR, Ind., May 28.—An investigation is being made by Coroner Clark regarding the sudden death of Mrs. Frank Graham of Kirkland township on April 24. Mrs. Graham was taken suddenly ill after drinking some coffee, and after two weeks of intense suffering she passed away.

Last Monday the body of Mrs. Graham was exhumed. A postmortem examination shows that she undoubtedly died from the effects of poison and it is believed that her husband put rough on rats in the coffee. The stomach was removed and taken to Fort Wayne by Coroner Clark Tuesday for chemical analysis.

NINETY YEARS POSSIBLE.

Judge Baker Says Johnson Can Be Given Ten Years on Each Count.

INDIANAPOLIS, May 28.—Bank Wrecker Johnson pleaded guilty in the United States court this morning. In reference to his sentence Judge Baker says it can be cumulative and that it is possible on the nine counts to give him 90 years. The judge continued: "It is certainly lawful. Not long ago a prisoner was brought up and sentenced upon one charge in the indictment against him and then sentenced upon the second charge, the second sentence to begin upon the expiration of the first. When I sentenced Francis Coffin I sentenced him to eight years' imprisonment upon each of the charges upon which he was found guilty and then ordered that they run concurrently."

KNIGHTS OF PYTHIAS.

Meeting of the State Grand Lodge Next Week.

INDIANAPOLIS, May 28.—The Grand Lodge of the Knights of Pythias of this state will meet here next Tuesday, when about 700 representatives are expected to come to the city and action will be taken in regard to the Supreme Lodge meeting of 1898. The Rathbone Sisters, the women's Pythian organization, will also hold its annual convention next week. The Indiana brigade will hold its annual meeting Monday night at Grand Lodge office. It is expected \$10,000 will be raised as prize money for the Supreme Lodge meeting and that 20,000 men will be in camp here for a week.

CHARGED WITH EMBEZZLEMENT.

Receiver of the Cannelton Waterworks Indicted by the Grand Jury.

TELL CITY, Ind., May 28.—The Perry county grand jury has returned an indictment against the Hon. William Henning of Cannelton, receiver of the Cannelton waterworks, charging him with embezzlement. Judge Edward Gough released Mr. Henning on his own recognizance. Mr. Henning reports that the indictment is spite work, resulting from Cannelton's effort to evade paying the water rental.

Lockjaw Among Horses.

DALEVILLE, Ind., May 28.—A peculiar disease has made its appearance in this section and several horses are affected. It is pronounced by veterinary surgeons to be lockjaw and in almost every case terminates fatally. J. R. Shoemaker of this place has a valuable horse thus affected and he will kill it to end its sufferings. In every case the horse becomes rigid and cannot eat.

Attempted to Kill His Sweetheart.

It comes from a reliable source that W. N. McMahan, who is now superintendent of the Springfield division, will retire from the service of the company. It is likely that Mr. McMahan's resignation will take effect about July 1. Who his successor is to be is not known." It is rumored here that Joe Mills may be appointed as Mr. McMahan's successor.

A good advertising policy is the best insurance against business loss.

The fewest words that will carry the advertiser's idea are the right ones.

A yearly contract runs through all seasons, no matter when it is begun.

A good advertisement says practically the same thing to a prospective purchaser as the salesman says in the store.

Men do not lay aside advertising when they have once made a judicious use of it. It becomes a part of their business, built into its very foundations.

The most noted and successful manufacturers are those who advertise largely. Their wares are the last to feel the effect of dull times and the first to show signs of activity after a depression.

"All the world and his wife," as the French say, comprise a large family, and they cannot well be talked to too often by those who have commodities to sell. The best paying commodities are those which have been best advertised.

The Best Remedy for Rheumatism

From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. E. & R. Railroad.

Last night a number of citizens met in J. T. Arbuckle's law office to talk over plans which it is believed will result in the running of trains through on the E. & R. road again. Another meeting will be held in a few days at which time a number of men along the line who are specially interested in the matter will be present. Several men from both directions have been here this week and express themselves as satisfied that the road will be doing business again in a short time.

BROOKLYN, N. Y., Dec. 19, 1896.

Some important improvements are being made on the Pittsburg division of the B. & O. About 15 miles of second track are being laid, and at Kelly's Cut, near Cumberland, the line is being extensively changed. The work includes a 530 foot tunnel, three bridges and a mile of new track. Several curves will be eliminated and a treacherous mountain side avoided. The change will cost about \$100,000 and will be completed late in the fall.

Mrs. Jerry Anderson entertained a company of her lady friends yesterday afternoon in honor of her sister, Mrs. Adams, who will leave in a few days to spend the summer in the country.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.
